Information about the service

VoIPcloud provides cloud hosted VoIP PBX services for business customers. The service is hosted in a fully redundant environment with cutting edge server infrastructure located strategically to guarantee low latency for New Zealand customers.

Included features:

Full feature set is provided and there is no limitation in functionality.

Customers will have web portal access and control of the call flow configuration. Free online and over the phone support is also provided.

Information about billing and pricing

Services offered by VoIPcloud are 'prepaid' based. Sufficient credit must be maintained on your account balance at all times; Post-paid accounts may be offered by request; a security deposit will be required.

You will be provided with an online username and password that will allow you to check your account usage, download invoices and top up your account.

Service usage reports will be automatically emailed to you on the 1st of each month.

VoIPcloud does not provide paper based invoices; invoices are emailed every time payment is made.

You can also configure automatic payments by credit card or Paypal.

Minimum Term:

Minimum contract term is one month. We require 30 days cancellation notice. Cancellation can be requested at any time during the trial period, in which case 30 days notice is not required. Cancellation of service can be completed online via the customer billing portal.

Monthly fees: (NZD including GST)

Your monthly spend will depend on the following factors:

- Number of 'Users' in the system.
- Number of 'Devices' connected.
- Number of Inbound DDI phone number(s).
- The selected call plan(s).
- Call charges for the calls placed and received

Full list of prices published on our website
<https://nz.voipcloud.online/customer>.

Prices may be subject to change. We will notify you at least 30 days in advance if there is any change to the prices for services you signed up for.

Minimum monthly spend will depend on the services ordered. Monthly fees are charged on the 1st of each month in advance. Those fees are payable regardless of how much the system was used in any particular month.

Maximum monthly spend depends on the usage and is not limited, however if your prepaid account reaches zero balance, your service will stop functioning until account balance becomes positive. Automatic top up by credit card and PayPal can be configured in the billing portal.

Outbound call rates

Each user in the system must be assigned their own call plan.

Customers can select different call plans for different users.

Unlimited calling plans are subject to an outbound simultaneous channel limit being designed for a single user operation.

Call plan fees and charges are published at:
<https://nz.voipcloud.online/customer>.

International call rates are published at:

<https://nz.voipcloud.online/customer>.

Calls are rated in one minute increments. There are NO flag fall or connection charges;

There is no additional monthly fees for usage of the advanced features.

For example Voice Menu, Call Queues, Voicemail to Email etc.

Cancellation fees

The maximum cancellation fee is the amount of your total monthly subscriptions.

Table 1 outlines additional fees and charges that may be applicable to the service:

Description	Price NZD (inc GST)
Late payment fee (post-paid accounts only)	\$15
Reconnection of suspended service	\$55

Other information

You can check your account balance and service usage information by login to our online billing portal: <http://nz.voipcloud.online/customer>.

Service limitations and restrictions

- a. Premium Rate Numbers (e.g. 0900) cannot be dialled.
- b. Quality of voice service is dependent on the customer's internet connection.

Service suspension and cancellation for non-payment

If your account is overdue by more than 30 days, we reserve the right to suspend your service. If your account remains overdue for more than 60 days, your service will be cancelled and your inbound numbers will be released. Numbers, once released, cannot be re-connected.

Call diversion rates

Call diversions can be originated from various parts of the call flow: User, Call Queues, Ring Groups, Call Diversions, DISA.

Call diversions that originate via User object are rated at the call plan rates assigned to this user object.

Call diversions that originate in any other object are rated at the 'Company Starter' call plan rates.

Fair use policy.

All VoIPcloud services are covered by the Fair Use Policy. The Fair Use Policy is designed to protect the quality and integrity of VoIPcloud's network.

Inconsistent Usage

If we determine that your use of the service, features, or the device is, or at any time was inconsistent with the normal inbound or outbound usage patterns for the type of service or plan that you have purchased, we have the right to suspend or discontinue service generally, or to disconnect your service, at any time.

Examples of inconsistent use may be:

- Usage of unlimited business call plan for telemarketing purposes.
- Usage of VoIPcloud business call trunk by another Carriage Service Provider or for the purpose of reselling the traffic.

Complaint resolution

If you wish to make a complaint, please contact VoIPcloud using details published on our website. We take complaints very seriously and assure you that any matter you raise will be carefully investigated. However, if you have exhausted all avenues to resolve your complaint within VoIPcloud and are still not satisfied with the outcome, you may seek further assistance from Telecommunications Dispute Resolution (TDR) by phone on 0508 98 98 98.
